

■ **Data Table B2: Biotic Factors (BM6)** Name: \_\_\_\_\_ Period: \_\_\_\_\_

10/04

**Directions:** 1) Use the tables provided to record your field study data as indicated. 2) All drawings are to be done in color. 3) Size data should include, but not be limited to, shape and dimensions – all dimensional data need to include units. Indicate if data was actually measured (meas.) or estimated (est.).

**Human Impact – 2 entries:** *look for any impact humans have had within your study area*

Date:	Time:	Date:	Time:
Description:		Description:	

**Decomposers – 2 entries:** *record the following data for two decomposers present in your study area*

Date:	Time:	Date:	Time:
Description:		Description:	
Size	Drawing	Size	Drawing

**Consumers:** describe 4 different consumers found in your study area – indicate for each how common the organism is (common, rare, very rare)
